

First of all, Thank you from the bottom of our hearts for everything you did for us.

Golden Homes knows about Great Customer Service. It truly begins with that, first and always. That's what we received. We were truly pleased with that reception. From there it was easy to do business with great people!

We appreciated the way you all walked us through this process without ever patronizing us. You treated us with respect and honored the fact that buying a house is a big deal.

Golden Homes & team are easily the best realtor's one can work with. They always made us feel like we were their top priority. Even though we knew the GH team was busy, they never let us feel that way and were extremely patient with our questions and issues. They always got back to us very quickly. The office has a family like atmosphere, and we felt welcome every time we came in.

Here are a few things we really like about Golden Homes:

- Friendly, personal, go a lot of extra miles service.
- Expertise and Professionalism.
- Patience
- Helpful
- Beautiful office
- Cheerful and willing to be of service.
- Your website
- The soul of your company

You were available when we needed help or advice.

You listened to us and took action.

You were "Over the top" professionals.

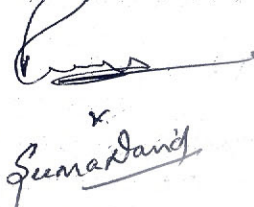

You were courteous and thoughtful.

You made a potentially stressful experience as enjoyable as it could be.

"Hat's off to you." We know we are detailed-oriented "perfectionists" for the most part; we research everything, and you were always on the same page that we were on. "

Dear Mr. George Balasingh, You made our Dream come true, your team got the job done in a timely and professional manner. Seema and I are absolutely and incredibly in love with our new home and I wanted to thank you for making this such a positive experience for us. It is very possible or probable that we wouldn't be here if not for your tireless and thorough work on our behalf. I will refer you to people forever!
