Mr.Balsingh George, Managing Director,

Golden Homes Pvt.Ltd,

Anna Nagar,

Chennai -040.

Hello Mr. Balsingh,

I heard Golden Homes for its quality of work and commitment to its customers but I never thought that I am going to personally feel the same in my lifetime. My elder sister's son B.Ganesh Baskaran had bought his property in the year 2004 in Golden Tassels, Anna Nagar, with the help of my sister S.Vijayalakshmi who is working in Golden Homes as Quantity Surveyor. His house was just amazing and the quality was very good. When I was searching for a property, I saw many builders sites but nothing convinced me since I had my elder sister's son's house in my mind, its finishing of work, its quality etc.. parameters .

Just when I was casually talking with my sister about this, my need, my dissatisfaction about other sites, she told me that only one flat was not yet booked in Golden Treasure Phase II and if its going to convince me in all aspects, then I can think about booking the same. I saw that unsold flat and it was quite promising, the tiles selection, shower area & counter basins, common amenities like club house and Gym etc., was really good and the quality maintained by Golden Homes was the same, no change in it, so I booked the flat immediately . I think god had left that flat for me only, that's why it was not booked by others, felt lucky. The site engineers Mr.Vijayakumar and Mr.MuthuKrishnan were very helpful to me and Madam Shanta from the Marketing dept. was also very helpful to me all the times.

I wish Golden homes to continue its quality of work throughout its life time and be success in all its future endeavours.

S.Radjalatchoumy,
